Parent / Carer Survey 2016

In the summer, we asked you how you think Raglan Primary School is doing. We received many responses to our survey and below is a summary of the feedback.

Number of responses: 127

Turnout: 38%

Survey feedback: Views on statements and percent of positive responses (strongly agree and agree)

We were very pleased with the survey results. We had extremely positive feedback in a number of key areas which we consider vital to the School's Ethos and Vision. We recognise that there is work to do in some areas (see below).

Comments feedback: We also asked for your comments and the major themes are below.

Day to day communication
Increase clarity between School
and home

Better communication about
the progress of your child

Differing expectations about
home learning

Since the survey and during the first half term of the 2016/17 academic year the School has:

1. Focussed on communication material and dates. Hopefully you have already seen an improvement in communications and advance warning of events with dates being sent out at the start of term.
2. Met with the re-launched Parent Forum on 19 October to gather more detailed feedback and brainstorm, focussing on communication and home learning.
3. Moved the first parent/teacher evening later in the term giving teachers more time to assess your child's progress in their new year group before meeting with you.

What we'll be doing next:

We will be taking your suggestions both from the survey and the Parent Forum and seeing how we can further improve.

It must be acknowledged that we cannot implement every suggestion as time and resources are limited and any new initiative could take away from teaching and learning. Nevertheless, we have found comments from parents very pragmatic and constructive throughout this process. We are thrilled that parents share in our vision for the School and are eager to work together to benefit our children.

We are looking forward to continuing to work with you. Thank you for your time and sharing your opinions. Honest, timely and constructive feedback is important for improvement. Please look out for the next survey which will be earlier in the year for 2017 where we would like to further increase the number of participants.

If you have any feedback for the Governing Body in the meantime, please send them to: admin@raglan.bromley.sch.uk for the attention of the Governing Body.

The Governing Body of Raglan Primary School

Remember our Website! We are often asked for information which is on the website. It is a great resource and the calendar is kept up to date.

As part of the survey the mobile phone policy was raised. The School has a very clear mobile phone policy already. Please speak to the office if you would like a copy.

Sign up to Schoolcomms to help you pay for School dinners. In addition we are trialing further services through Schoolcomms in the future.

Check out our Twitter feed. There is plenty of learning going on at Raglan and this is one of the best ways to stay up to date.
