At Raglan Nursery all staff and committee members believe that our Nursery should provide a caring, positive, safe and stimulating environment which promotes social, physical and moral development of the individual child. All our staff hold NVQ (level 2 or above) qualifications enabling them to provide the opportunities for all children to experience a wide variety of activities that are essential in their early development, in a happy and relaxed atmosphere. Regular training updates ensure that our high standards are maintained.

Through the Early Years Foundation Stage, children’s aesthetic and academic abilities will be supported and helped to progress to their full potential. Play underpins the delivery of the Early Year Foundation Stage. Children learn best when they are safe, happy and secure, when their individual needs are met and when they have positive relationships with the adults caring for them.

Our aim is to try to ensure that all of the children when leaving Raglan Nursery are ready for the next stage of development and are ready to become part of the wider community.

The Nursery has a policy of non-discrimination against race, colour, sex, religion, ability or immigrant status. All staff and children are expected to respect differences and a positive self-image is promoted.

The Nursery is contained within the main Primary School building. We are able to offer a unique opportunity for the children to use the schools excellent facilities, such as the Gym, Hall, Library, PE equipment, large playgrounds and stage area.
In addition the Nursery has its own outside play area. To support the Early Years Foundation Stage we work together with the reception children and staff. The school has an Early Years Leader who oversees the curriculum in both the Reception classes and the Nursery to enable us to share resources and skills.

Nursery Curriculum

The Nursery uses a topic/theme in order to provide the children with a varied curriculum.

Previous topic/themes have included:
- Ourselves & Growth
- Fairy Tales
- Traditional Stories
- Transport
- Colours
- Under The Sea

We follow the Early Years Foundation Stage and provide activities through play that will help the children develop and achieve the Early Learning Goals at the end of Reception. Within the Early Years Foundation Stage there are four principles:

- A Unique Child
- Positive Relationships
- Enabling Environments
- Learning and Development
Within Learning and Development there are six areas of Learning and Development these are:

- Personal, Social and Emotional Development
- Communication & Language
- Literacy
- Mathematics
- Understanding the World
- Physical Development
- Expressive art and design

We follow a plan for the day. This is important for both the children and the staff. The children need the security of a predictable routine and the daily plan is based on the interests of the children and the requirements to extend their learning based on our observations. However the ability to alter this plan is as important as having it in place.

We share a range of multicultural experiences and religious festivals to help the children experience and develop their knowledge of the world around them. These include:

- Chinese New Year
- Diwali
- Hanukkah
- Eid
- Harvest
- Easter
- Christmas

We use a range of ways to show your child’s progress:

- Observations of your child’s learning
- Photographs
- Samples of your child’s work

These are available for you to take home once a term. Also there is the opportunity to attend a parents’ evening/morning, to discuss your child’s progress with their key person. Dates will be arranged.

We use the information we have gathered about your child to plan what he or she will need to learn next.
If you, or we, have any concerns about your child’s development, we may also develop an individual education plan (IEP) in consultation with yourself. This is useful in identifying small, achievable targets which we can all work towards together to help your child make more rapid progress.

All children learn and develop at very different rates and in many different ways. You should not worry if your child’s rate of learning is different from their friends. It is important to remember that children will be in the Early Years Foundation Stage working towards the Early Learning Goals until the end of their Reception year in school.
