

This week the Language of the week is Malay

Hello	Good Morning	Good Afternoon
Helo	Selamat Pagi	Selamat tengahari

Dear Parents / Carers, Governors and Friends,

I hope you are all keeping well. It seems very strange that the school has been closed to nearly all of the children for two weeks already.

I hope you have managed to establish a new routine with your children. It is great to see that so many children are managing to complete their daily home learning – I hope they are also managing to do some of the active activities that have been suggested, as it is not easy to be indoors sitting down all of the time. Some children have not yet managed to complete any home learning which is a shame as school may be closed for quite some time and we do not want the children falling behind. If you are having difficulties accessing the learning please email the class teacher using the Year Group email on the website and they will try to support you with this. Please remember to check the website – the class page will give an overview of the learning for that year group for that week – details will then be shared via See Saw.

A word of caution regarding social media platforms – there are some great platforms for staying in touch, but please make sure what your child is accessing and help them with their privacy settings so that they can restrict who they are communicating with. See the link below for further advice

<https://parentzone.org.uk/article/houseparty-what-it-and-it-safe-young-people>

Some parents have asked whether teachers can talk to their children over video links, I understand the reason for the requests, as it would be lovely for children and staff to be able to do this, however I am afraid this is not possible as school does not have the correct privacy settings to allow this to happen.

Teachers will not be setting daily home learning for the next two weeks as this is the Easter Break, however please check the website Class Pages where the teachers will add some exciting Easter activities that the children can do. Daily learning will resume on Monday 20th April.

I would like to take the opportunity to thank all of the staff who are continuing to come into school to look after the children of critical Key Workers and to all of the Key Workers who are doing such a fantastic job at this difficult time.

We are trying to follow the Government Guidelines by keeping the numbers of staff in school to a minimum so we ask you to email rather than phone if you need to contact anyone as there is not always someone available to answer the phone. Emails will be responded to at the earliest opportunity.

We wish you all a peaceful and healthy Easter Break, particularly Ms Wood, our wonderful Deputy Head, who starts her maternity leave today. We hope everything goes really well for her and look forward to meeting 'Baby Wood'.

Yours sincerely

Kath Margetts
Headteacher

Girls programme — RAGLAN PRIMARY SCHOOL

An activity at our KS1 lunchtime club.

Lunchtime supervisor.

"The girls really love this club, they look forward to it every week. They talk about it a lot in the playground"

PROGRAMME REVIEW

All our programmes have proven to have positive affect on the girls. For many it was the first time they had been apart of a girls only club, as well as playing regular sports. Our sessions have shown that the girls feel more comfortable in a girls only club, and have thus shown positive improvements in their sporting engagement and confidence.

Two participants and our coach, Charlie after the last afterschool football session.

Girls programme— RAGLAN PRIMARY SCHOOL

OUR GIRLS ONLY PROGRAMMES AIM TO INCREASE THE ENGAGEMENT AND ENJOYMENT OF SPORTS AMONG PRIMARY SCHOOL GIRLS.

Charlie, our Girls Primary School Officer, delivers three girls only programmes within the school including KS1 lunchtime club, KS2 PE intervention and KS2 afterschool provision. The sessions are either solely football based or multi-sports, delivering fun activities, as well as giving the girls more ownership over their sporting options.

9 OUT OF 10

Of participants asked from our afterschool club said they felt more confident playing football after our 10 week programmes. The remaining one already rated themselves as very confident at the start.

Marina programme participant.

"I'm really going to miss this club, this is my favourite club, I really enjoy coming here every Thursday."

Our impact

Our programmes have revealed that we are having a positive effect on our targeted recipients. The 43 participants we engaged all revealed that they enjoyed sports more or the same amount. Our afterschool football club showed that all our participants enjoy football 'a lot' or 'a bit', and 9 out of the 10 participants asked said they felt more confident playing football. With six participants originally rating themselves a 3/5 for confidence, after our 10 week programme they all rated themselves a 4 or 5 out of 5. Our KS1 lunchtime club was also impactful, with the girls saying they enjoyed the club 'a thousand' out of 10. Additionally, all the participants in our afterschool club said they wanted to carry on playing football after the programme ended.
