

## Home Learning - Week beginning 20/04/20

This week the focus is going to be on St George and the Dragon. St George is the patron saint of England and last Thursday, 23<sup>rd</sup> April was St George's day.

### Reading and Phonics

It is important to keep up with your reading. You need to aim to read something nearly every day. Some of you said you were finding it tricky to know when to do everything and for how long, so I have come up with a timetable for you. You **DO NOT** have to follow this exactly (don't panic parents!), but hopefully this will give you a few ideas. Where it says other reading, that could be anything you read, look at the reading challenge list to help you. We will also be starting phonics again this week. Look out on Seesaw for your groups activities.

### Literacy

St George and the Dragon – you will be sequencing the story, completing some comprehension, writing in the first person and creating some instructional writing.

### Maths – Time

All of you are learning about time this week. Look on Seesaw for the details.

You will also need to do your Mathsletics learning too. **I am now setting a time limit for your activities. They will appear at 9am on Monday morning and disappear at 6.30pm on Sunday evening!** Do all of the activities before you play the games and if you don't score very well the first time, don't give up, have another go!

### Foundation Subjects

This week you are going to be making your own coat of arms – hopefully your effort will be better than mine! You will most probably need to use some of this time to complete your dragon for your forth literacy activity!

### Additional Activities

PE challenges, St George board game and a split pin dancing knight!
