

08 June 2020

Dear Parents and Carers of Nursery Children,

Welcome back to a new half term! Summer term 2! We hope you all had a restful break and enjoyed the lovely sunshine, which appears to be hiding at this moment in time! We have missed the children very much and we are looking forward to seeing all their smiley faces again soon.

On returning to the Nursery your children will see the familiar faces of myself, Mrs Elliott and Mrs Gordon our lunch time support, and our new member of the team Mrs Yeadon.

As you may be aware due to the "bubble" class system that is in place we have a reduced maximum number of children in each classroom (to support social distancing), therefore needing additional staff to support these extra classes as well as the key worker groups of children and that is where Mrs Marney will be based for the rest of the term. Although your children will be able to see her occasionally across the playground and wave.

We are really pleased that we will be welcoming some of the children back this half term. Our learning will be focussed around the topic of "Under the Sea" and for the children who are not returning this will also be the theme for our home learning. As we are now back in school teaching, the amount of home learning that will be sent home will be reduced, and I have collated work for the rest of the duration for the term which I will send as always via email and can be accessed on the school website.

We want to thank you again for your continued support in supporting your child with their home learning. We have all very much enjoyed looking at all of the photos of your child's work you have sent in to us. There have been many WOW moments you have experienced! We have appreciated all of your comments and feedback during lockdown, and hope that this will continue!

As always I will keep in contact with you all, whether your child is returning or not.

Keep safe and hope to see you all soon

Mrs Elliott, Mrs Marney, Mrs Yeadon and Mrs Gordon.
